Q: What skills or knowledge did you learn or improve from this instructor?

- Richard was more of an assistant for the course and wasn't so involved with actual instruction but every chance he had to contribute, he did so excellently.
- I learned more about disease ecology
- Improved my writing and had helpful feedback on projects
- Richard made everything work smoothly, and always had helpful comments that made the class think more deeply about the conversation, but I wish he had more opportunities to teach us.
- A lesson in kindness and how to be a good human
